## **TO WHOM IT MAY CONCERN**

### **SUBJECT: Declaration on packing of AVEC filter canisters**

We, AVEC CHEM s.r.o., as a producer of filter canisters delivered to the Aalto Group Oy company, declare that the filter canisters are packed and sealed in the factory and sold in an unaltered state.

The filters can be wrapped in two ways depending on the type of the packing line used during production. Both options (shrunk or extended) are commonly used and are to be considered as originally factory packed.
